**DOUBLE HEADER SOFTBALL**

On a protest by the Dragons, runners-up in Softball League championship series, a double header will be played Sunday afternoon at 2 o'clock, at Sullivan's Flats. The Amocos won three out of four games against the Dragons for the championship, the fourth game, which is protested, being won by the Amocos 13 to 5. The protest is founded on the fact that the name of Vernon Rave, who played in right field, was not on the list of names for league games turned into the softball commissioners at the beginning of the season. If the first game is won by the Amocos, the second game will be All-Stars vs. Amocos. If the Dragons win the first game, the second game will be between them and the Amocos.

**Soaring Wings**

A biography of Amelia Earhart by George Palmer Putnam. Publishers, Harcourt, Brace and Company, New York.

The world of friends of this dauntless gentlewoman flier—who dared for the sake of science and her own heart's desire to do great things, will welcome eagerly this clearly told story that begins with her early home life in sunny Kansas. This intimate record shows her determined early to devote her life to social service and some years were spent at Denison House in Boston.

Before this she had tasted the flavor of flying and the germ in her being was maturing, for high adventure was her bent. Her college life was meaningful; she thoroughly believed in woman's ability and worked definitely always for their advancement with never a selfish desire to exploit herself. She wished to be a means to an end for larger achievements for womanhood.

She had an articulate curiosity, Mr. Palmer says, and a sensitive desire to understand the full meanings of life and all its problems. While still at Denison House, having learned to fly and fly well, she was asked to fly the Atlantic Ocean. She had what someone has called "enormous intellectual prudence" and quite enough obstinate impersonality to protect her from the curious: she was fundamentally appreciative of all the intellectual amenities of life.

Once she was asked this question, "What is your idea of God?" A. E. at her is referred to all through the book, answered, "I think of God as a symbol for good thinking good, identifying the good in everybody and everything; this God to me is not an abstraction, but a vitalizing universal force eternally present and at all times available."

Her platform was to keep the heart and soul and body and mind alive to all the rich opportunities of life. That was her creed. The book is full of her contacts with famous personalities. It holds the reader enthralled to the end.

Her last tragic flight is told from her diaries, her charts and running log which she kept and sent back with it would almost seem, a pre-sentiment of the tragic end. This book is not an exploitation by her husband—but a story richly told of a world famed American gentlewoman—high hearted and brave—one of the Twentieth Century great personalities. K. S. F.

**[EDITORIAL]**  
**THE WAR IN EUROPE**

It is rather difficult to editorialize on the progress of this new World War, partly because of the strict censorship which has been established, and partly because of the far flung nature of the hostilities. Out of the slaughter comes one certainty and that is the defeat which is being meted out to plucky, stubborn Poland. The Poles based their hopes on the assistance promised by France and England, but by the time those two nations had officially decided they were at war with Germany, Hitler was already in possession of the territory he coveted. It was costly delay, but we do not know that it could be avoided. What the end will be nobody can foresee, but the destruction of the British steamer Athenia proves that Germany has made itself ready to fight on land or sea—or undersea. England and France have not fully swung into the game, but when they do exercise their power it is to be hoped that they will give Germany as good as it sends. Meantime Uncle Sam is stressing his neutrality.

**VARYING CURRENCY**

The Canadian dollar is being discounted 20 percent in Aroostook towns, and even small Canadian pieces are not being accepted. A few years ago when the writer visited the Maritime Provinces he found them paying a premium for American money, and \$20 worth of Canadian currency could be bought for \$16.60. A year ago an American dollar was worth only 98 cents. Money has its ups and downs, as many of us have discovered.

**INDIANA'S DISCOVERY**

"Indiana bans walking taverns at its State fair," is the headline given to an Associated Press despatch from Indianapolis. It appears that a man was arrested for selling whiskey by the drink out of a bottle. Can it be possible that Indiana never heard of the bootlegger?

**AN INDEFENSIBLE STRIKE**  
(Boson Herald)

When a group of strikers refuses arbitration, is disavowed by its own agents and the international organizers, and is threatened with suspension, public sympathy and support are naturally bound to be wholly against the strike. About 1800 members of union No. 829 of warehouse workers have been on strike for a week. They have stubbornly refused offers of arbitration by any local, state or federal body. They have not heeded the newspaper advertisements of P. Harry Jennings and John F. English, the authorized international organizers. They have committed violence and made it necessary for various trucks to have police escorts in and out of Boston. The State House authorities have pleaded with them in vain to submit to orderly adjudication of their demands.

It ought not to be necessary to remind these ill-advised and poorly led strikers that they are doing their employers, themselves, their families, the community and union labor a great disservice. They are rebelling against their own officers. They are making a mockery of collective bargaining and arbitration. Their arrogant attitude is that of take-it-or-leave-it. They could lose nothing by submitting their alleged grievances to arbitration, and they might gain considerable by this process, but they are stubbornly holding out.

This particular union, which is young and lacks the sad experience of labor troubles, has already alienated public support by its unreasonable stand and its unlawful acts. Refusing much longer to follow the usual course: these "outlaw" or "wildcat" strikers are certain to prejudice their case, regardless of its merits even more and are likely to lose their jobs and their eligibility to carry union cards. They will do well to change their tactics just as quickly as they can.

**BEWARE THE CAR THIEF!**  
(Bangor News)

According to figures in Uniform Crime Reports, published by the Federal Bureau of Investigation, which cover known offenses in the first half of 1939 in cities with a population of 16,800,000, stealing an automobile is not only one of the commonest forms of theft, but is also apparently one of the most unproductive. Of 18,125 automobiles reported stolen in these 45 cities, more than 96 percent were recovered. The stolen automobiles represent in value more than half of all property stolen.

If automobile thefts have to be described as apparently unproductive, it is because an automobile is often stolen not in the hope that it can be kept, but because of the transportation that it immediately provides. A stolen automobile, equipped with license plates from another stolen car or with stolen license plates, is the conventional vehicle of the criminal; it is as conventional to abandon such a car the moment its usefulness is ended.

The knowledge that automobiles which are stolen are usually quickly recovered probably affects some automobile owners in unfortunate fashion. It leads them to neglect precautions and safeguards which they would take if stolen automobiles were as easy to hide as stolen money or jewels. The man whose carelessness delivers a car into the hands of criminals for temporary use in commission of a crime is not an accessory to crime in his own sight, for all that he did was to forget to be careful. Criminals who need cars to commit crimes must count on finding in every community enough automobile owners who are not careful. Automobiles are stolen from owners who are not careful, it is true, but these latter at least have not made it easier for the thieves.

## FIRST BLOOD FOR PIRATES

### Win Opener In Camden-Rockland Series— Next Game Friday Night

The opening game in the Camden-Rockland post season series was won Tuesday night by Mr. Winchenbach's Pirates, the score standing 4 to 3 at the end of eight hectic innings.

The hero of the encounter was Dick French who allowed the hard hitting Shells only four singles all of which were made in two innings. French had 11 strikeouts and walked only one man. And as if that were not enough for one man he batted for 1,000 percent. Camden used two pitchers, Bennett and Dunbar, the former yielding six hits and the latter three.

A shivering crowd found much to admire in the work of both outfits.

The Pirates got away to a fine start scoring two runs in the first inning after two men had been retired. French singled, Ellis doubled and in they both trooped on Le Croisse's single.

Camden scored one in the second inning on hits by Rominick and H. Boynton, and added their other two runs in the third on singles by Bennett and Lord, a passed ball and a balk. Bennett was called out at the plate on a very close decision. Camden had only three men at bat in each of the next five innings.

The Pirates tied the score in the fourth on hits by Peterson, Chisholm and Karl, an infield error and a passed ball. In the seventh the Pirates had men on second and third, but Dunbar tightened and no score materialized.

Lord lumbered Annis' grounder in the last inning. Buddy Chisholm laid down a beautiful bunt and Karl settled the whole business with a single into centerfield.

The game was well handled by Umpires Graffam and Richardson. Next game Friday night, in Camden, at 7:30.

## Large Attendance

### Rockland and Rockport Schools Present Fine Front At Fall Term

Parents of Rockland school children and tuition pupils will be interested in Supt. Cummings' summation of the attendance at the fall term just opened.

Rockland High School, for instance, has 139 Freshmen, 135 Sophomores, 107 Juniors and 69 Seniors. There are eight post-graduates.

Junior High School shows up well with 180 seventh graders and 130 eighth graders.

The other schools show the following figures:

McLain building, 408.  
Purchase Street, 216.  
Tyler building, 233.  
Crescent Street, 41.  
Grace Street, 71.  
Camden Street, 36.  
Highland School, 29.  
Benner Hill, 20.

Rockport High School has 22 Freshmen, 28 Sophomores, 20 Juniors and nine seniors. There are two post-graduates.

Grade building, 148. Hoboken 21; West Rockport, 17; Rockville, 15. Supt. Cummings' ballwalk finds all teachers reporting for duty and health conditions excellent.

## Your Bottom Dollar

### "Put It On 1940," Is What Automobile Manufacturers Told Fred Green

Fred C. Green, automobile editor of the Boston Transcript, is spending a week of his vacation at Holiday Beach, accompanied by Mrs. Green, and will go to Mrs. Green's former home in Thomaston for the balance of it.

The Greens have just returned from the automobile centers in Detroit, Pontiac, Flint, Cleveland and Toledo, where he found himself in a departmental paradise, and for once in his life finds himself at loss for adjectives which would begin to do the situation justice. He attended previews and was forced to believe what he saw; he listened to motor car magnates and on the spot could have painted an optimistic picture the likes of which the automobile industry has not known for many a day.

And to cap the climax he was presented with a medal inscribed "Put Your Bottom Dollar on 1940" and the dollar in question was right there in the center of the dollar.

Harlow Curtice, president of the Buick branch of General Motors, told Mr. Green that always after a depression there come two grand years, and despite conditions abroad his company is going to produce 240,000 next year to prove it.

The new cars are going to be built on beautiful lines and the prices, surprisingly, will show a downward trend.

The automobile industry foresees a big business year in 1940.

Several Maine men are among 70 New Englanders in the United States' foreign service working in the trouble spots of the world. They include David H. Buffum, consul, Leipzig, Germany; Robert F. Fernald, Madrid; William P. Snow, Stockholm; and J. A. Tuck Sherman, Switzerland.

## Mrs. Gray To Speak

### Widow Of Union Pacific Head To Address Hospi- tal Mass Meeting

The chief speaker at the opening mass meeting of the Knox County General Hospital of Rockland Community Chest Appeal will be Mrs. Carl R. Gray of New York and Pleasant Point, Maine. Mrs. Gray is one of the great women speakers in the world today and is well known throughout the United States having spoken over the large radio networks and appearing personally in every part of the country.

Mrs. Gray in addressing this meeting is following in the footsteps of her late husband, former President Carl R. Gray of the Union Pacific Railway Company. He was the speaker at the last big meeting held in Rockland. Mrs. Gray is also the mother of Doctor Howard Gray, who is one of the chief surgeons in the Mayo Clinic in Rochester, Minnesota. Doctor Gray accompanied his father to the last big Rockland meeting. Since then, Doctor Gray has come into world-wide prominence through his very successful operation on James Roosevelt, son of the President.

Mrs. Gray takes the place of Major Julia C. Stimpson who will be unable to speak at this meeting, as she has been called to Washington for a very important emergency meeting of the Advisory Committee of the American Red Cross Nursing Service.

It is expected that the second speaker at this meeting will be Dr. Dana Nance of Shanghai, China. Dr. Nance, who is the director of one of the largest hospitals in China, has been spending the summer with his family in Camden. At the present moment he is on the high seas returning from a trip to Europe. The critical war condition, which is causing so much concern over ships at sea, may possibly prevent Doctor Nance from arriving in time for this meeting. As the ships will not answer radio calls and thus reveal their position to the enemy, and as they have to sail on new courses, it cannot be certain just when Dr. Nance will arrive. The Committee hope that he will be present at this meeting which will be held on Friday evening of this week, September 8, at Temple Hall, Rockland. The meeting will begin at 7:30 o'clock with a special concert by the Rockland City Band, George Law, Director.

All Committee members, Division Chairmen, Team Captains, Lieutenants, and Team workers are expected to attend this meeting, which is of the utmost importance to the entire campaign. Campaign supplies will be distributed to all workers at that time. The general public is also cordially invited to be present. There will be no solicitation of funds on this occasion and admission is free.

This will undoubtedly be the greatest meeting of the entire year, when the fate of the Knox County General Hospital and all of the Agencies in the Rockland Community Chest will be determined for the year to come. The Agencies in the Community Chest are the Red Cross Nursing Service and School Dental Clinic, Civil War Memorial Association, Home for Aged Women, Boy Scouts, and The Salvation Army.

It is expected that there will be a large attendance.

The tanker Ardmore, which attracted much attention in Rockland harbor the first of the week, was piloted by Capt. John G. Snow as far as Monhegan, where he spent the night.

**YOUR FAVORITE POEM**

If I had my life to live again I would have made a rule to read some poetry and listen to some music at least once a week. The loss of these tastes is a loss of happiness.—Charles Darwin.

**A THING OF BEAUTY IS A JOY FOREVER**

A thing of beauty is a joy forever: Its loveliness increases; it will never Pass into nothingness; but still will keep A bower quiet for us, and a sleep Full of sweet dreams, and health, and quiet breathing. Therefore, on every morrow, are we wreathing A flowery band to bind us to the earth, Spite of despondence, of the inhuman dearth Of noble natures, of the gloomy days, Of all the unhealthy and o'er-darkened ways Made for our searching; yes, in spite of all, Some shape of beauty moves away to pall From our dark spirits. Such the sun, The moon, The moon, Trees old and young, sprouting a shady boon For simple sheep; and such are daffodils With the green world they live in; and clear rills That for themselves a cooling covert make 'Gaining the hot season: the mid-forest brake, Rich with a sprinkling of fair musk-rose blooms. And such too is the grandeur of the dooms We have imagined for the mighty dead; All lovely tales that we have heard or read; An endless fountain of immortal drink, Pouring unto us from the heaven's brink.—John Keats

## "The Black Cat"

By The Roving Reporter

A city just can't pity itself when a brand new factory is fronted by a fleet of 20 cars mostly owned by employees. The fall brings beautiful scenery but there's none better than that sight and it's a year-round prospect. Bird twitterings are nice but the hum of machinery is better; autumnal foliage is gorgeous but so too is the view of a line of happy workers.

During the World War The Courier-Gazette not only carried war bulletins on its windows but distributed the service in Knox, Lincoln and Hancock counties. This was before the day of the radio and this paper's bulletins proved a god-send to the island towns which were having no steamboat service on account of the ice embargo in Penobscot Bay. I remember the tremendous sensation which was caused when a German submarine sank three schooners off the Massachusetts coast—three of them products of Knox County yards. And I recall the skepticism which was expressed when I put on a bulletin saying that the Germans had bombed Paris from a distance of 25 miles. Time proved that the gun was stationed 75 miles away.

Edwin M. Eldredge of Kingston, N. Y., writing to express his appreciation of J.M.R.'s "Steamboat Days" adds:

"In your issue of the 26th under the caption of 'The Black Cat' you carry a query from Fred Gregory of Glen Cove, concerning the schooner Hardscrabble. In 1873 there was a schooner Hardscrabble registered at Rockland, Maine, her official number was 11633 signal H.V.J.D. tonnage 101 62. There was a smaller vessel Hardscrabble built in 1850 at Quincy, Mass., which is not to be confused with the one he wants. Mr. Gregory's Hardscrabble is out of service in 1884 but the smaller one was in service, as a sloop."

Bulletins and special newspaper editions no longer give the thrills which they did in those days for the obvious reason that almost everybody has a radio, and later news is received before the bulletin has dried. I had a sample of that one day when I was putting on a bulletin of a World Series ball game. The crowd was watching the score by innings and saw the teams tied in the seventh. In came Charlie Wotton, and in discreetly small voice told me that the game was over and that such and such a team had won. He had heard it over his radio. Imagine my consternation. That was the last season we used telegraph results. The radio had outstripped them.

A Jay Bee of Union writes:

"Few of those who witnessed the wonderful display of baton twirling given by 'Bill' Wright at the American Legion Fair in Thomaston two weeks ago are aware that Rockland has had for many years an artist in this line in the person of Charles M. Cook of Tillson avenue. It has been probably more than 25 years since Charlie marched at the head of the Rockland Band and possibly he may have lost a little of his skill, but old timers who recall his past work saw very little in the work of World's Champion Bill Wright that in their opinion excelled that of Charles Cook more than a score of years ago. And there are many whom I have heard voice a wish to see Charlie essay a comeback at the head of the present Rockland City Band. I, for one, believe that even now he could give the younger generation a surprise and a thrill. A drum major is certainly an asset to a good band."

One year ago: Charles M. Harrington, former mayor and express agent died at the age of 81—Deputy Marshal Walter J. Fernald died, aged 70—Ernest E. Robinson of the High School faculty went to Cleveland, Ohio, as a member of the faculty of Shaker Heights Junior High School—Austin M. Moody, died, aged 59 years.—Capt. Ezekiel Tolman 94, died at Owls Head.—Mrs. Ernest R. Lamb, cook at a summer hotel in North Haven, dropped dead while working in the kitchen.

## Camden Fan's Idea Would Have All-Leaguers Play Strong State Team —Names His Choice

To the Sports Editor:—  
As I am a constant reader of The Courier-Gazette as well as an enthusiastic sports fan, I have been reading with much interest these last few weeks the letters sent in to you by other sports fans throughout the county in regard to an All-League team in our Twilight League.

It is my opinion that the first letter which you printed, which was sent in by a Thomaston fan, and really started the ball rolling, was one of the finest letters of this sort that I have read in any local paper in many a day, and more power to the writer. His selection of his All-League team was very good and his reasons for his selections were all right, and they certainly showed that he was a real baseball follower.

But disregarding the team he had a number of excellent ideas which I have heard fully as much comment over as the selection of the team itself. Of course the one most discussed was that of having the first team finally selected play one of the stronger teams in the State, which in my opinion, would be an excellent idea, as this would give the fans a chance to see their favorites playing with a strong team as this year's All-League team certainly should be, and it would also give the boys making up the teams in the League something to play for in years to come, if there could be a game of this sort played each Fall at the close of the regular League season.

Also a presentation of inexpensive medals signifying the honor they have won could be made as a highlight of the game as was also suggested by this same Thomaston fan. He had a number of fine ideas and most of the fans I have heard discussing it heartily agree with him. A manager could be selected to run the team and I am sure the boys whom we should be proud of would do us credit and would make a fine showing against any of the stronger teams in the State.

As Camden has been by far the best drawing town in the circuit this summer I think, and not because I am a Camden fan, that it would be a fine tribute to them if such a game could be played in Camden, and I am sure that the loyal baseball fans in Knox County would support such a game very well. What say you Knox County sports fans let's give these boys a well deserved field day that they will remember in part payment for the fine baseball they have given us this summer.

I might as well name my All-League team, agreeing in a number of positions with my unknown friend, the sports fan from Thomaston. Players who have been practically unanimous choices with the fans so far and who in my opinion well deserve the honor are of course "Doug" Heald, Charlie Baum and Ralph Belyea of Camden, "Bo" Miller of Rockport, "Dick" French and "Chuck" Ellis of Rockland and Charlie Mackie of St. George. Below is my full team:

- 1b. La Cross, Rockland.
- 2b. Heald, Camden.
- 3b. Miller, Rockport.
- ss. Baum, Camden.
- lf. Mackie, St. George.
- cf. Belyea, Camden.
- rf. Ellis, Rockland.
- c. Sawyer, Thomaston.
- p. French, Rockland.
- p. Bennett, Camden.

Yours in sport,  
Camden.

## TALK OF THE TOWN

Several State and local speakers will present current news at Miss Marion Weidman's Educational Club tomorrow from 3 to 8:30.

Clerk of Courts Milton M. Griffin suffering from a recent ill turn was reported as having spent a comfortable night last night.

It is learned unofficially that the present payroll in the new factory is \$2800 a week, and that after Nov. 1st it will be increased to \$4,000.

Edwin Libby Relief Corp meets tonight at 7:30. A large attendance is desired for the important business to be considered.

Football practice by the Rockland High School team shows a large squad of eager aspirants. Coach Don Matheson is being assisted by Sam Glover a member of last year's Bates varsity team.

Messrs. Young and McLean of the Ocean View Roller Skating Rink arrived from Bath this morning and as usual will be ready to accommodate all wishing private lessons. They are now preparing the Sail Loft Rink in Bath for opening as soon as their summer rink on the Brunswick road closes. There is much speculation as to the opening date of the regular winter season in Rockland; also what will take place at that time. Needless to say it will be something that will please spectators as well as skaters as these two boys never do anything that does not entertain everybody.

# A&P SUPER MARKETS

**FINE MEATS FOR LESS MONEY!**  
462 MAIN ST. ROCKLAND, MAINE

People who think that the price they pay for a cut of meat is a measure of the quality they get are likely to be mistaken. Take the most sold at A&P Super Markets as an example: Were you to try to judge their goodness by the prices asked, you would be underestimating their quality. A&P meats are marvelous values! A&P buyers select them from outstanding sources. From U. S. Government inspected cuts. They are brought to A&P Super Markets with their quality safeguarded every step of the way. . . kept in excellent condition by efficient refrigerating methods and skillful handling. You get much cut at the "top" of its quality. . . ready to yield its best in tender and tempting flavor. . . You pay much less than you would expect for meat so good! Because: A&P buys direct from packers, ships swiftly and thriftily to the markets. . . eliminates many unnecessary expenses. You get the benefit of the efficient method in low, money-saving prices!

TALK OF THE TOWN

Sept. 11—Waldoboro—Schools open.  
Sept. 11—Special State and city election.  
Sept. 12—Annual fair of Miriam Rebekah Lodge at Odd Fellows hall.  
Sept. 20—St. George—Orange fair.  
Sept. 26—Union Fair.

The Community Sweet Shop closed Monday night after a very successful season in spite of the lateness with which it began.

Owen Johnston has been appointed manager of Corner Drug Store Inc., succeeding Fred Goodnow, resigned.

An all-Pullman train of 10 cars pulled out of the Maine Central station Tuesday night greatly depopulating this section of Vacationland.

The barn which has lately been completed on upper Limerock street for Peter W. Edwards is one of the best in the county. It measures 65x42 feet, and is very firmly constructed. Passers-by give it as much attention as though it were a new residence.

The cruise of the training ship American Seaman, which was in Rockland harbor during the Red Jacket's visit has been cut short by the war. It is understood that the Maritime Commission is considering using her to bring Americans home from Europe.

"Render unto Caesar etc..." An item in our Tuesday columns commented on the antiquity of Earle Sheldon's ancient Ford, accusing it of being of the vintage of 1924. Into the office pops the proud owner this morning telling us we had not half painted the lily for the machine came out in 1915 and is as built, according to the memory of the oldest automobile mechanics. Mr. Sheldon had the car along to prove it and there it stood, purring like a watch, or at least, an alarm clock.

The business meeting of Ruth Mayhew Tent Monday night was well attended and matters of importance disposed of. All sick members are reported improving and enjoying the flowers and "sunshine basket" so promptly delivered. Plans for a game party with Lina Carroll as hostess; circle supper will have as chairman, Mary Cooper and a vote was taken to ask for a dispensation to hold the next session in the afternoon. The Daughters have been honored by the election of Mrs. Meta Wilson of Portland, to the office of National Inspector.

Overness Sarkesian who was the recipient of the gift of a cow Tuesday requests that the donor get in touch with him in order that he may express his gratitude.

A telephone has been installed at Vesper's Luncheonette. The number is 855.

In answer to a query as to what has become of the potato balls. E. H. Philbrick displayed a whole boxful of them in The Courier-Gazette office yesterday.

Miriam Rebekah Lodge met Tuesday night, when final arrangements for the fair were made and the following committees were chosen: Mrs. Vivian Kimball, general chairman; Mrs. Addie Brown, miscellaneous table; Mrs. Maude Cables, aprons; Mrs. Margery Cummings, candy; Mrs. Blanche Pales, grabs; Mrs. Helen Paladino, supper chairman. Second nomination of officers resulted thus: Mrs. Vivian Kimball, noble grand; Mrs. Ora Woodcock, vice grand; Mrs. Nettie Stewart, recording secretary; Mrs. Nina Davis, financial secretary; Miss Therese Smith, treasurer. Mrs. Vora Bemis will have charge of a program to be given next Tuesday night in connection with the fair.

The members of Ralph Ulmer Camp Auxiliary are invited to attend the dedication of the memorial boulder to the U.S.W.V. at Rockport Sunday at 2 o'clock.

Ella C. Newman, director of the National Archives Project, will participate in the broadcast for the National Archives scheduled on the United States Government Reports series in Maine, Wednesday, Sept. 13, over station WGAN in Portland.

Jack and the Bean Stalk had nothing on the rugged sunflower which is now a foot higher than the bird house on Amory B. Allen's premises, Limerock street. The flowers are of very unusual size, and the leaves are almost as large as elephant ears.

At Tuesday night's meeting of the Parent Teacher Association John Pomeroy, president gave an explanation of the proposed school district. R. S. Sherman was elected secretary.

A keenly disappointed young man is Edwin R. Edwards Jr., who would have soon been on his way to France but for the present war in Europe. Edwards won a scholarship at Bates College, and was assigned to Chalmers University on the Marne, where he would have had the chair in English.

The Bankers Convention is assembling this year at The Marshall House, York Harbor. Representatives from the local Savings Bank and their ladies who are attending today include Pres. and Mrs. Frank W. Fuller, Mr. and Mrs. E. J. Heller, Mr. and Mrs. Arthur L. Orne, Mr. and Mrs. N. F. Cobb, Mr. and Mrs. William A. Glover and Mr. and Mrs. W. W. Spear.

More Talk of the Town on Page 2.

Saturday a real treat is in store for the baseball fans of Knox County when the strong Camden Shells, this year's winners of the Knox County Twilight League, will entertain this year's winners of the Portland Twilight League the powerful S. D. Warren Wapacos of Westbrook. The Wapacos are one of the strongest outfits around the Portland district and boast a fine record, while playing some of the strongest teams available, and they are traveling down east to tackle the Calais Blue Sox, which have built up an enviable record in their section of the State, in a Sunday game. Therefore this should be a fine game for the fans around the County who have been demanding Saturday baseball, and it is hoped that they will turn out in full force and show their appreciation to the Camden management for bringing this strong outfit from the Western part of the State here to play.

**IN MEMORIAM**  
In loving memory of Ruth Crockett Nash, who passed away Sept. 6, 1938. One voice to our hearts has gone. The voice we loved is still. The place made vacant in our home can never more be filled. Though our hearts are aching with sadness, And our eyes have shed many a tear, No one knows how we have missed her This past year.  
Father, Mother, sisters and brothers.

**CARD OF THANKS**  
We wish to extend our sincere thanks for the beautiful floral tributes, and the many acts of kindness shown us during our sad bereavement. Especially do we wish to thank Mrs. Ruth Wood and Mrs. Mildred Ward, Dr. O. R. Lavery and all the staff of the Russell funeral home.

Joel McCrea and Andrea Leeds are headliners in the charming feature "They Shall Have Music" tomorrow and Saturday at Strand Theatre. Bob Baker re-appears at the Park Friday-Saturday in the singing Western, "Home of the West."

The home of Lloyd B. Rhodes, West Meadow road, is in mourning these days due to the loss of four months old "Tiny," a white Spitz. The youngest member of the Rhodes clan would be especially happy if somebody should find Tiny (missing since Tuesday) and telephone the news to 603-J.

Albert E. McPhail and Wilbur A. Fogg have taken over Frigidaire and Delco heat and air conditioner franchises for this area and will operate under the name of Rockland Sales and Service. The franchise includes of course Delco light and power and water pumping systems. Mr. McPhail has had 10 years' experience in electric refrigeration and Mr. Fogg has had more than that time in oil burner service. The new firm will respond to all calls for electric refrigeration and oil burner service. Their headquarters are at 21 Limerock street and the telephone is 738-V.

Walter L. Wood of West Somerville, Mass., is the guest of his sister, Mrs. E. J. Morey. Mrs. Wood spent the weekend here, returning Monday. A fishing trip at Jackman was planned, but Mr. Wood is having such a good time recuperating and looking up old friends that he has concluded to base in Rockland. If he should get lonesome he goes around and gets Jimmy Jones to "help him do nothing," as he expresses it. Last night he attended the meeting of Aurora Lodge and was pleased at the manner in which the third degree was worked on three candidates. He is a member of Joseph Warren Lodge, Boston, the third oldest past master of which is his good friend Bert (Boze) Crocker. Mr. Wood had a 3 1/2 months leave of absence this year on account of ill health, but is now back at work and gaining.

Fortune has smiled on someone you like a great deal. Or perhaps you suddenly remember the birthday or wedding anniversary of a friend. Happily inspired words flash into your mind. But other things interrupt. Finally, it's too late or you've forgotten your first, at-the-moment thoughts. Why waste such pleasant opportunities when it's so easy to telephone? The cost of day rates for out-of-town calls is very low, and rates are even lower evenings after 7 and all day Sunday.

### Knox County General Hospital

During the last seven years the Knox County General Hospital has served 6384 patients, whose needs extended to every known medical and surgical service.

Eleven years ago our summer and permanent residents made possible the completion of the Hospital, which with the beautiful William Bok Home for Nurses provides a complete medical and surgical center for this entire section of the country.

No general appeal for funds has since been made but it now becomes absolutely necessary to do so. New developments in hospital practice make it necessary that additional modern equipment be provided, long years of constant use requires that the building now be overhauled and some new furnishings installed. Funds to cover the usual annual deficit must also be obtained.

Therefore a campaign for \$50,000.00 has been inaugurated. This sum will bring the hospital plant, equipment and furnishings up to the high standard always maintained and will enable the Hospital to continue to serve this entire section of the country in every way necessary.

New Baptistery Dedicated  
At a simple but impressive service the Francis Sargent Bickford Memorial Baptistery, gift to the Baptist Church from Francis Bickford of Great Neck, L. I. and Samuel L. Bickford of New York City, sons of the late Rev. Mr. Bickford, was dedicated Sunday night before a congregation numbering 200, among them, the donors. The dedicatory address was delivered by Rev. Charles W. Turner of Antrim, N. H. designer who had chosen the subject "The World of Tomorrow", in which he pointed out that religion today is becoming an afterthought in the material world. Rev. Mr. Turner prefaced the dedication with explanatory remarks about the baptistry and Rev. Francis S. Bickford, in whose memory it was given.

Music included responses by the choir, a trombone solo by Dr. Judson P. Lord, two male quartet selections, a tenor solo by Chester Wyllie and an instrumental number by Chester Wyllie, the tenor horn, Harold Overlock, melophone, Roger Teague and Alfred Wyllie trumpets and Dr. Lord, trombone. Accompanist was the church organist, Mrs. Chester Wyllie.

An effective division in the service was the response in Bible verses to the roll call by Mrs. Laura Seavey. Among the letters read from absent members was one from Deacon Lawrence Kallio, member of the church for the past 66 years, and from Mrs. Hattie MacFarland, member for 61 years.

Rev. W. S. Stackhouse, pastor of the church assisted with the service.

Decorations were bright gladioli, arranged by Mrs. E. V. Oxten. The huge bouquet in the centre of the chancel was a gift from Miss Julia Libby, Mrs. Raymond Borneman, and Mrs. Charles Wilson in memory of their father the late Benjamin Libby, their mothers, Mary F. Libby and May F. Libby, and brother Rufus, and sister Eliza K. Libby.

HELP  
KIDNEYS PASS  
3 PINTS A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Kidneys remove excess acids and poisons from your blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisons to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up at night, swelling, puffiness under the eyes, head-aches and dizziness. Frequent or scanty passage with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisons from your blood. Get Doan's Pills.

## This And That

By K. S. F.

"You know what a call it is daughter," said one "Well, she and whos-it's son—he's the fellow who runs that store around the corner from what's-it's barber shop—were married the other day. Hadn't you heard?"

"Oh yes" replied the other, "but this is the first time I have learned the details."

Statistics show that three out of every 10 United States college graduates are not employed. Even more staggering would be figures on the ratio not working.

Seventy-five out of every 100 American families have automobiles and 89 out of 100 have radios.

In the sunset's afterglow I step into the out-of-doors and with heart beating fast, yes, I hear the silvery notes of the hermit thrush! Sweet—clear as the bells for even-song—entranced at the sweet melody I thank the great Father of all for this exquisite harmony in a world of strife and fear.

Let us bear in mind that whatever we do, we are reaping the harvest of our past; and the seeds we sow today should be clean and worthy of what in our heart we most long to see growing.

The old Mississippi annually carries to the Gulf of Mexico upwards of 400,000,000 tons of sediment. This is more material than was excavated in digging the Panama Canal.

We are told not to be offended toward the man who "pushes you" to collect what you owe him. He may be trying to raise money to pay the man who owes you. Good thoughts.

Milk in fish chowder in the good old days? No, the cooks used madeira and saved the milk for the children.

In Europe, and this country we fear, espionage is a paying business. It is estimated that in Europe, \$89,000,000 per year is paid for espionage of all kinds.

It's fun to think of the curious uses we give to words in the English language! We spin a thread, baste a roast, fold in eggs, whip cream, beat up a cake, cook in a spider, make turnovers and flap-jacks and twisters, and so on. Who can add to this queer list?

"Real friendship" said Lord Chesterfield, "is a slow grower, and never thrives unless engrafted upon a stock of known and reciprocal merit."

Prospective employer: "Do you know enough to be useful to this office?"  
Boy: "Know enough? Why, I left my last place because the boss said I knew too much."

Miss Lella Livingstone Morse of New York City has been the guest of Prof. and Mrs. Fred Mabee at Ash Point. She is the granddaughter of Samuel F. B. Morse, inventor of the telegraph.

## MRS. LETHA E. BROWN

Mrs. Letha Ella Brown, 65, wife of Oliver P. Brown died in Bath Tuesday after several months' illness.

She was born in Friendship and went to Bath about 20 years ago. She was an active member of Wesley M. E. Church and an earnest worker in the Ladies' Aid. She leaves besides her husband, two

daughters, Mrs. Frank Guptill of Harvard, Mass., and Mrs. Austin Winchenbaugh of Waldoboro and one son Maynard O. Brown of Waldoboro, Mass., two brothers, William and Alfred Pottle of Friendship; two grandsons and one granddaughter.

The funeral is to be private at the home of Mrs. Winchenbaugh in Waldoboro.

### "Persons He Met"

#### Dick Reed Entertains Rockland Lions With Interesting Anecdotes

Dick Reed, former Rockland newspaper man, now located in Augusta on the staff of the Maine Development Commission was guest speaker at yesterday's meeting of the Rockland Lions Club, and brought to that gathering a number of breezy inside anecdotes connected with Maine publicity.

Dick spoke under the topic of "Persons He Has Met," and he headed his list of notables with ex-President Herbert C. Hoover, who came on from New York to pursue Maine trout. Reed in his capacity as a publicity man was sent to Kennebago Lake to see that the ex-President's excursion was successful and that the people of the United States were told about it. The speaker described Hoover as "a regular feller," and told how he gave anecdotes of his work in Belgium and his political campaigns.

Stephen Chadwick, national commander of the American Legion was described as another "regular feller" likely to go places. The speaker told of their fishing trip at Ross Lake where five men slept in one tent which was alive with mosquitoes during the night.

Reed spoke very highly of Senator H. Style Bridges of New Hampshire, who is seeking the Repub-

can Presidential nomination, and whom he met at Rangeley.

At Poland Spring he was foiled in his attempt to get a snapshot of Senator William F. Borah who was there recuperating. Dick wanted a photograph showing the Utah senator playing golf, to show how much he was improving in Maine atmosphere. Borah refused to fall for the scheme. He did tell Reed how much he hated political campaigns.

The speaker dined with Helen Keller, who, deaf dumb and blind, has accomplished so many wonderful things. He has a photograph which she autographed. Reed met Mrs. Calvin Coolidge at Belfast and secured her photograph despite her disinclination to have it made.

Other distinguished personages met by Reed recently were Postmaster General Farley, Lowell Thomas, Thomas E. Dewey, Fred Allen, Rudy Vallee, Kenneth Roberts, "Ducky" Pond and Donn Fendler, the lad who was lost for 12 days on Mt. Katahdin.

Posters announcing the Presidential candidacy of Ralph P. Conant evoked much laughter.

Dr. Alexander Olmstead of Hamilton, Ont., was a guest, and Dr. A. H. Chase a visiting Lion.

Dr. Soule and S. E. Howard were appointed on the entertainment committee for October.

The meeting next Wednesday will be at Witham's lobster pound, and Gov. Lewis Barrows will be the speaker.

Cigarettes were compared recently... sixteen of the largest-selling brands... under the searching tests of impartial laboratory scientists. Findings were announced as follows:

**1 CAMELS** were found to contain **1 MORE TOBACCO BY WEIGHT** than the average for the 15 other of the largest-selling brands.

**2 CAMELS BURNED SLOWER** THAN ANY OTHER BRAND TESTED—25% SLOWER THAN THE AVERAGE TIME OF THE 15 OTHER OF THE LARGEST-SELLING BRANDS! By burning 25% slower, on the average, Camels give smokers the equivalent of 5 EXTRA SMOKES PER PACK!

**3** In the same tests, CAMELS HELD THEIR ASH FAR LONGER than the average time for all the other brands.

**"I know from years of experience that Camels give a longer smoke — milder, cooler, mellower"**

**SAYS JOE WILLIAMS FAMOUS SPORTS EXPERT**

LONG-BURNING SMOKES have a big appeal for Joe Williams, as well as for many another cigarette smoker. Joe, whose keen comments on sports are eagerly read by millions of fans, is equally "in the know" on cigarettes too. He says: "Every Camel gives me an extra period of cigarette enjoyment—a longer smoke, and a milder, cooler, mellower smoke! Naturally, such a cigarette has a more appealing taste. Yes, sir," Joe concludes, "it's a real thrill to smoke a Camel." You, too, will find that Camel's long-burning, costlier tobaccos do give more pleasure per puff—AND—more puffs per pack. That's pleasure plus economy—a shrewd buy. No wonder America's smokers have made Camels their cigarette choice No. 1.
